# Robin Dey

→ PRESSKIT

Anyone who has listened to Robin Dey play probably thought the same thing: where does he find all those tracks, and how does he manage to weave it all together so effortlessly?

His sound is driving but still profound — the tracks he plays are never overloaded yet always full of subtle details that catch the listener's attention. It's in these details — a crisp hi-hat, a groovy bass line, a tantalising synth — that one might hear his special touch that make all his sets recognisable.

And while he stays true to his taste, his versatility allows him to expertly manipulate the crowd in any situation; be it under the sun at a festival, at peak time on the main floor or in the afterhour after the storm.

Please announce the Artist as:
